an introduction to the history of the christian church from its inception to approximately 600
the early church seeks to balance the traditional presentation of notables councils and
controversies by telling the story of the ordinary christian during this era includes stories of
ordinary lay christians especially women and what christian faith meant within the overall

context of their lives

Dr Wand's classic treatment of the early church is concise, comprehensive, and makes use of specialist treatises. The organisation of material and lucid style make accessible what is at times a complex subject. In addition, the book is full of vignettes of prominent personages and curious items of information, interesting and informative. A history of early church caters for the general reader with an interest in history as well as the religious studies student for whom it is principally intended.

A standard work for European students which has already been reprinted four times in the original German. This history is a lucid and highly readable up-to-date account of the early church from its beginnings to the Council of Chalcedon, which offers an illuminating alternative to sometimes more conservative British works.

A standard work which offers an illuminating alternative to sometimes more conservative Anglo-American works. This accessible history provides a lucid and highly readable up-to-date study of the early Christian church from its beginnings to the Council of Chalcedon in 451 CE. It includes full bibliographies for each section.

Essays presented are adapted papers read at the 7th Nordic New Testament Conference in Stavanger, Norway, June 14-18, 2003.

Aimed at the undergraduate, academic, and interested lay person, this is a classic history of the formative period of the church. It includes an account of Rome and 1st-century Judaism, the Gnostics, and the conflicts of Eastern Christendom, and examines such figures as Origen, Arius, and St. Augustine of Hippo. A bibliography of general works on church history is also included.

Frend's masterful survey, here presented with a new preface and updated bibliographies, traces the historical and theological development of the Christian church from apostolic times through the fifth century.

A concise treatment of the early development of Christianity that emphasizes its teachings, forms of worship, and ecclesiastical organization.

an important study on the worship of the early church this introduction to the origins of christian worship illuminates the importance of ancient liturgical patterns for contemporary christian practice andrew mcgowan takes a fresh approach to understanding how christians came to worship in the distinctive forms still familiar today deftly and expertly processing the bewildering complexity of the ancient sources into lucid fluent exposition he sets aside common misperceptions to explore the roots of christian ritual practices including the eucharist baptism communal prayer preaching scripture reading and music in their earliest recoverable settings now in paper

the story of emergent christianity from the apostolic age to the dividing of the ways between the greek east and the latin west cover

these studies form part of an endeavour to understand the early christians in relation to their social and intellectual environment to trace the influences particularly that of the classical tradition on the development of christianity they centre upon historical themes to which ideas are cardinal and the personalities with whom those ideas are associated the origins of the authority of the roman church philo and the first theologians the nature of early christian apologetic and the great religious controversies of the 4th and 5th centuries arianism christology and monasticism

a collection of primary texts revealing how early christians practiced their faith life and practice in the early church brings together a range of primary texts from the church s first five centuries to demonstrate how early christians practiced their faith rather than focusing on theology these original documents shed light on how early believers did church addressing such practical questions as how did the church administer baptism how were sermons delivered how did the early church carry out its missions endeavors early christian writings reveal a great deal about the tradition as well as the wider culture in which it developed far from being monolithic the documents which present the voices of the early church fathers in their own words demonstrate variation and diversity regarding how faith was worked out during the patristic period the texts illuminate who was eligible for baptism what was expected of worshippers how the eucharist was celebrated and how church offices and their functions were organized contextual introductions explain practices and

their development for those with little prior knowledge of christian history or tradition the pieces included here all in accessible english translation represent such sources as justin martyr tertullian the cappadocians cyril of jerusalem john chrysostom and augustine

this is the first volume of ferguson s collected essays and includes some of his most memorable work especially on laying on of hands

how did the early christians manage to establish a religion and institution which despite persecution flourished and grew how did their initial experience of being a despised minority in the roman empire shape their sense of privileged identity and uniqueness and how was it that at least at the outset the first believers were able to exist alongside the same shared traditions rituals and beliefs of the jews despite the jewish rejection of jesus as messiah the christian community was born out of paradox its faith in a man who was also the anointed one or christ of god and its growth and development often echoed those complex and contradictory origins morwenna ludlow discusses the fragile context as well as the emerging core beliefs of the early church including divine creation salvation eschatology the humanity and divinity of christ and the inter relationships of the trinity between 50 600 ce she also examines the process of christian self definition in response to groups on the edge of the church such as gnostics marcionites montanists and manichaeans as well as in relation to judaism bringing to vivid life the remarkable history of the early church in all its conflict and struggle the author shows why such a successful faith was able to rise out of such improbable and unpromising beginnings

unlike some other reproductions of classic texts 1 we have not used ocr optical character recognition as this leads to bad quality books with introduced typos 2 in books where there are images such as portraits maps sketches etc we have endeavoured to keep the quality of these images so they represent accurately the original artefact although occasionally there may be certain imperfections with these old texts we feel they deserve to be made available for future generations to enjoy

this is the standard history in two volumes of the development of the early christian church ranging from the ministry of john the baptist to the establishment of christianity as the official religion of the roman empire in the 4th century
