craig richardson here addresses key areas of cultural politics and identity in a way that
 not only illuminates the development of scottish art but teases out another strand of
 the plurality of developments which led to the success of artists throughout the uk in
 the 1990s it is of the highest relevance whether one's perspective is that of the
 development of the scottish art british art or european art of this period the book
 adds significantly to our knowledge of the art of this period in a way that will aid not
 only our historical understanding but our understanding of the dynamics of art
 practice today providing an analysis and including discussion interviewing artists
 curators and critics and accessing non catalogued personal archives towards a new
 chronology richardson here examines and proposes a sequence of precisely denoted
 exemplary works which outlines a self conscious definition of the interrogative term
 scottish art among the artists whose work is discussed are john latham simon starling
 alan johnston roderick buchanan glen onwin christine borland william johnstone joan
 eardley alexander moffat douglas gordon alan smith graeme fagen ross sinclair and
 many others the discussion culminates in a critically original demonstration of the
 scope for further research and practice within the subject facilitating national cultural
 debate on the character of scottish national visual art

a companion to contemporary art is a major survey covering the major works and
 movements the most important theoretical developments and the historical social
 political and aesthetic issues in contemporary art since 1945 primarily in the euro
 american context collects 27 original essays by expert scholars describing the current
 state of scholarship in art history and visual studies and pointing to future directions

in the field contains dual chronological and thematic coverage of the major themes in the art of our time politics culture wars public space diaspora the artist identity politics the body and visual culture offers synthetic analysis as well as new approaches to debates central to the visual arts since 1945 such as those addressing formalism the avant garde the role of the artist technology and art and the society of the spectacle

first published in 1997 the authors purpose in this book is to dissect developments in improvisation in the arts since 1945 with a particular emphasis on process and technique the approach is analytical and theoretical but is also relevant to practitioners and their audience their key argument is that improvisation has been of great importance and value in the contemporary arts particularly because of its potential to develop new forms often by breaking definitions
