cybercafes which are places where internet access is provided for free provide the opportunity for people without access to the internet or who are traveling to access mail and instant messages read newspapers and explore other resources of the internet due to the important role internet cafes play in facilitating access to information there is a need for their systems to have well installed software in order to ensure smooth service delivery security and software for cybercafes provides relevant theoretical frameworks and current empirical research findings on the security measures and software necessary for cybercafes offering information technology professionals scholars researchers and educators detailed knowledge and

understanding of this innovative and leading edge issue both in industrialized and developing countries

china has lived with the internet for nearly two decades will increased internet use with new possibilities to share information and discuss news and politics lead to democracy or will it to the contrary sustain a nationalist supported authoritarianism that may eventually contest the global information order this book takes stock of the ongoing tug of war between state power and civil society on and off the internet a phenomenon that is fast becoming the centerpiece in the chinese communist party s struggle to stay in power indefinitely it interrogates the dynamics of this enduring contestation before democracy by following how chinese society travels from getting access to the internet to our time having the world s largest internet population pursuing the rationale of internet regulation the rise of the chinese blogosphere and citizen journalism internet irony online propaganda the relation between state and popular nationalism and finally the role of social media to bring about china s democratization this book offers a fresh and provocative perspective on the arguable role of media technologies in the process of democratization by applying social norm theory to illuminate the competition between the party state norm and the youth subaltern norm in chinese media and society

this groundbreaking new book offers a sophisticated approach to the challenges of developing marketing theories and practices that take into account the need for cross cultural marketing in multi cultural societies

overview of e commerce framework framing the market opportunity business models customer interface marketing communications and branding implementation valuation network infrastructure media convergence

leisure and power in urban china is the first comprehensive study of leisure activities in a medium size chinese city hitherto studies of chinese leisure have focused on holidays festivals and tourism this however is a study of the kinds of leisure that take place on regular workdays in a local environment of quanzhou city in doing so leisure and power introduces leisure studies to china studies and data from china to the field of leisure studies based on interviews with people from all walks of life and case studies from bookshops internet bars karaoke parlours streets and public squares rolandsen brings to attention the importance of fun and socializing in the lives of chinese urbanites central to the study is the contrast between popular practices and official discourse rolandsen provides in depth analyses of the moralist prc leisure ethic so characteristic of official chinese publications and news media using examples from everyday life as a contrast this study demonstrates that official propaganda has but little influence on how chinese individuals lead their lives taking leisure as a point of departure this book describes the new kinds of interaction between the local party state and the population it seeks to govern this book will be of interest to students and scholars of chinese studies leisure studies urban studies and asian studies in general
