intentional wrongs negligence strict liability nuisance occupiers and owners of property employers liability products liability defamation right of privacy abuse of legal procedure misrepresentation interference with domestic relations interference with economic relations

this lively book is clear critical and modern approach to tort law which will stretch and stimulate students whilst simultaneously giving them a clear understanding of the subject necessary for undergraduate courses

this second edition of tort law textbook provides a clear accessible and up to date introduction to all areas of tort law found in introductory law classes the text has been extensively revised and re structured to create an independent textbook resource end of chapter questions assessment exercises and chapter summaries as well as summaries of the key cases referred to throughout the text enable students to test their knowledge and check their understanding of tort law a companion web site is an additional source of information for students containing further cases as well as the answers to the end of chapter questions

with 492 separate sections this encyclopedic reference allows you to quickly and easily find answers tort topics developed in the last generation that receive expanded coverage include proportionate causation or loss of chance recoveries abolition or partial abolition of joint and several liability comparative fault apportionment changes in strict products liability strategic lawsuit against public participation slapp suit legislation lawyer malpractice litigation medical malpractice litigation with big changes in the world of managed care the statute of limitations civil rights claims for injury and cases on a landowner's duty to protect entrants from attack by others

this textbook provides insight into the differences commonalities and mutual influence of the tort law systems of various european jurisdictions bringing together national tort law comparative law eu law and human rights law

this work is intended as a study revision aid for students rather than as a substitute for more detailed treatises it analyzes the law of tort in terms of the issues that are likely to be of interest to examiners and explains these areas in an accessible manner as well as summarizing existing academic opinion the emphasis throughout is on facilitating students understanding of a topic the new edition takes into account recent developments in the law of tort these include the increasing use of the law of negligence in sport further developments when suing public bodies for breach of a duty of care the increasing influence of the european court of human rights on the development of the law of tort changes in the method of calculating personal injuries damages the liability of internet service providers in the law of defamation and use of the qualified privilege defence in libel

christina brooks whitman francis a allen collegiate professor of law university of michigan law school

modern tort law is a comprehensive accessible and up to date introduction to the law of torts now in its seventh edition vivienne harpwood's popular student friendly text explains the principles of all aspects of tort law in a lively and thought provoking manner the broad coverage of modern tort law makes this an ideal textbook for any undergraduate tort law course students are encouraged to understand and apply the principles of tort law effectively throughout and particular attention is paid to the context within which the law is evolving making these topics both accessible and enjoyable this seventh edition has been revised and updated to take into account developments since publication of the previous edition including in the areas of privacy negligence personal injury and defamation human rights issues are integrated throughout the text rather than treating the topic in isolation in line with the way the subject is commonly taught now more accessible and student friendly it includes advice on further reading at the end of each chapter which is intended to point students towards sources of further study and critical debate new chapter introductions rewritten to reflect learning outcomes modern tort law is now supported by a companion website

which offers lecturer resources available to adopters of the book including think points designed to encourage reflection and debate and powerpoints of diagrams and flowcharts contained within the text a dedicated student section also offers weblinks a guide to key tort law cases a flashcard glossary and a test bank of multiple choice questions

the authors explain the legal concepts with clarity avis whyte research fellow westminster university

the new four volume second edition provides users with authoritative comprehensive up to date discussion and analysis of the legal principles and rules governing tort law tort law is always changing and since the 1st edition was published there have been many changes the second edition has added large amounts of new material to address these changes plus thousands of citations to cases decided or writings new materials cover intentional interference with persons and property as civil rights torts statutes of limitation and statutory compliance the standard of care for physician assistants and possible shifts in the medical standard of care and much more publisher

article 288 2 ec on liability of the european community and its organs refers to the common principles of tort law in the member states there are at least two good reasons for looking into these general principles in nearly all developed western legal orders tort law is determined through judge made law which now requires a comparative orientation by means of principles and systemized casuistry and the various attempts to europeanize private law from mere restatements to a comprehensive european civil code are all grounded in these common principles of contract law tort law property law and so on this book s somewhat unconventional contribution takes its cue not so much from the politically defined ec europeanization but rather from the transnationality of law by comparing tort law in the ec member state germany and the non ec member the us two of the most developed western industrial nations this publication endeavors to develop principles which serve as a basis for generalization these principles claim validity for the civil law and common law legal orders of western civilizations which includes the ec with its respective member states this title is aimed at a learned european audience interested in legal harmonization but also addresses comparatists in the civil law and common law legal world and mixed jurisdictions outside of europe its main focus is to contribute to the further development of tort law the idea of a tort law system based on general principles and specific rules grows out of the continental natural law tradition of civil law but increasingly principle oriented works are also found in common law this book develops a common level of international work on structures and concepts of modern tort law

common law torts in business and how to avoid them a handbook for managers explains that a tort is a civil wrong for which the aggrieved party can recover monetary damages at law for his or her injuries and harm tort law is primarily based on the common law

that is judge made decisions harkening back to old english days yet tort law today still can have very serious legal consequences for business employers and management accordingly the main objective of this book is to educate managers as to certain fundamental principles of tort law to demonstrate how torts can arise in a business or employment setting and most importantly to show managers how to avoid legal liability under tort law as such throughout the book after each tort is legally examined in a business context the authors provide extensive suggestions and recommendations on how to avoid liability the three main tort doctrines analyzed in the book are intentional torts the tort of negligence and the tort of strict liability for products the authors emphasize the tort law ramifications of each in areas critical to business for example the intentional torts of infliction of emotional distress particularly regarding bullying in the workplace invasion of privacy defamation and fraud as well as the tort of negligence as applied to the hiring supervising and retaining of employees the doctrine of vicarious liability that is liability imputed to the employer based on the wrongful conduct of its employees is also covered in addition to the legal materials presented in the book the authors include a discussion of the related fields of ethics as applied to business corporate social responsibility and sustainability the authors also have provided a glossary of key terms to help managers understand the language of the law and thus better comprehend the legal concepts in this book the overall goal of the authors is to help managers to achieve a workplace that is legal just and successful the authors hope that the aforementioned objectives of their book are attained in a readable enjoyable intellectually stimulating useful and effective manner this book is a useful reading for college students as well as managers human resources professionals and entrepreneurs as they need to ensure a legal safe and healthful work environment for everyone in the organization

derived from the renowned multi volume international encyclopaedia of laws this book provides ready access to how the legal dimension of prevention against harm and loss allocation is treated in the france this traditional branch of law not only tackles questions which concern every lawyer whatever his legal expertise but also concerns each person's most fundamental rights on a worldwide scale following a general introduction that probes the distinction between tort and crime and the relationship between tort and contract the monograph describes how the concepts of fault and unlawfulness and of duty of care and negligence are dealt with in both the legislature and the courts the book then proceeds to cover specific cases of liability such as professional liability liability of public bodies abuse of rights injury to reputation and privacy vicarious liability liability of parents and teachers liability for handicapped persons product liability environmental liability and liability connected with road and traffic accidents principles of causation grounds of justification limitations on recovery assessment of damages and compensation and the role of private insurance and social security are all closely considered its succinct yet scholarly nature as well as the practical quality of the information it provides make this book a valuable resource for lawyers the france academics and researchers

will also welcome this very useful guide and will appreciate its value not only as a contribution to comparative law but also as a stimulus to harmonization of the rules on tort

a considered balance of depth detail context and critique tort law directions offers the most student friendly guide to the subject empowering students to evaluate the law understand its practical application and approach assessments with confidence

the fourth edition of this unique casebook has been dramatically revised this new edition presents the important cases statutes empirical data and competing tort theories in a problems oriented format that is designed to help students acquire a sophisticated understanding of tort law through active learning as before the text includes a large number of problems now however the problems updated and considerably expanded are organized in sets at the end of each substantive chapter this extensively re written and reorganized edition includes the classic common law torts cases but is updated throughout with teachable cutting edge decisions that will demand student interest and hold their attention particular care has been to take account of the most recent commentaries on tort law such as the growing importance of the restatement third of torts chapter one is unique among american torts casebooks in its examination of how the dominant twenty first century tort theories influence judicial decisionmaking and scholarship that chapter explains six key perspectives on tort law law and economics corrective justice critical race theory critical feminism pragmatism and social justice chapter one references the famous mcdonald s hot coffee litigation as a case study to illustrate these perspectives in action subsequent chapters continue to work through that case study and continually reference the perspectives to explain or challenge the decided cases the authors seek to provide students with innovative cases and problems empowering them with practical skills by exposing students to the most important contemporary tort law theories the fourth edition of this casebook encourages students to go beyond passively memorizing case holdings and the voyeuristic experience of reading appellate opinions and truly gain perspectives on tort law this book also is available in a three hole punched alternative loose leaf version printed on 8 5 x 11 inch paper with wider margins and with the same pagination as the hardbound book

routledge q as give you the tools to practice and refine your exam technique showing you how to apply your knowledge to maximum effect in an exam situation each book contains up to fifty essay and problem based questions on the most commonly examined topics complete with expert guidance and fully worked model answers these books provide you with the skills you need for your exams by helping you to be prepared each title in the series has an introduction presenting carefully tailored advice on how to approach assessment for your subject showing you what examiners are looking for each question is annotated with both a short overview on how to approach your answer as well as footnoted commentary that demonstrate how model answers meet marking criteria offering pointers on how to gain marks as well as what common errors could lose them

aim higher and common pitfalls offer crucial guidance throughout helping you to understand and remember the law diagrams for each answer work to illuminate difficult legal principles and provide overviews of how model answers are structured books in the series are also supported by a companion website that offers online essay writing tutorials podcasts bonus q as and multiple choice questions to help you focus your revision more effectively
